

## **WHY ARE ATA PACS IMPORTANT?**

Talent agencies face an increasing number of laws and regulations every year that can make the profession more challenging and complex. By being proactive and increasing our visibility in the political arena, ATA PACs provide the means to protect the integrity of our profession and improve the business climate.

PAC contributions come from you, the ATA members. ATA PACs are committed to supporting candidates from both political parties who understand our industry and work with us to champion our causes.

Make an impact today by supporting the ATA Political Action Committees.
